Prospectus

2016-17

From the Principal's Desk

L.T.K. College, established on 22nd August' 1977 has been lucratively providing knowledge and higher learning opportunities to the aspiring youths of the district for the last 39 years. In the process it has produced thousands of graduates, teachers and scholars of recognition. Above all it has paved the ways for the aspiring youths of economically backward and agrarian family by creating better opportunities, inculcating a sense of purpose and putting them in right direction in the quest of their life.

From a very humble beginning in 1977, the college has now reached a significant milestone against all odds and constraints, at present the college is providing higher education in both Arts and Science streams respectively with major courses in almost all subjects. As the only college located in a rural area, offering higher education in both the streams, it has the uphill task of fulfilling the hopes and aspirations of the students, public, guardians and stakeholders.

The scenario of higher education is changing rapidly and to make the rural students cope up with the changing scenario, the college endeavor to initiate some vocational, career and skill oriented courses the college offers

- i) *One Year Diploma in Food Processing under Community College Scheme, UGC.*
- ii) *Add-on Courses on Food Processing and Information Technology under Dibrugarh University, in collaboration with NSDC, India.*

The college strives to transform itself into a model rural college of the district by providing quality education backed by technological as well as necessary soft skills to the aspiring students for better employability. Such goals can be achieved by transforming the whole curriculums into better teaching and learning experiences and all the members of the college are committed to take the college towards new vistas of academic excellence.

The mission of the college are:

1. To shape the college as a model rural college of higher education.
2. To provide maximum modern infrastrucural and academic opportunities to the students.
3. To impart higher education to the youths of economically weaker SC,ST and OBC communities.
4. To arrange additional remedial classes for the betterment of students so that they can compete with the students of advanced classes.
5. To promote awareness among the students about the socio cultural traditions of national interest in order to strengthen the concept of national integration and secularism.
6. To promote a scientific and humanistic approach towards life.
7. To take steps to introduce dynamics courses.
8. To impart organized training in Games, Sports, Music, Cultural and Literary activities
9. To lay emphasis on research in unconventional areas of socio economic importance.
10. To bring awareness and understanding of the immediate socio-economic problems among the teachers and students and develop their skill for meeting such problems.
11. To promote the concept of collective unity for social and national interest.
